

PRODUCT INFORMATION SHEET

Protective helmet

Product description

Protective helmet made of high-density polyethylene (HDPE). Easily adjusted around the perimeter, using a slideable 54-61cm fastening, which ensures fitting to any head size. Designed for use in conditions requiring efficient protection, perfect ventilation, and maximum field of vision. Enables protection under voltage up to 440VAC and 1000V.

Characteristics

- the holes on the sides of the helmet enable fastening additional accessories, such as clamping holders, face-protection frame, hearing protectors, or face protection;
- breathing holes;
- foam-sweat preserver;
- narrow eye-shade that does not obstruct field of vision;
- protects against UV radiation;
- Weight: 318 g.

Compatible with Högert Technik HT5K030, HT5K031, HT5K033, and HT5K185 face-protection accessories, and Högert Technik HT5K179 hearing-protection accessories.
