

## PRODUCT INFORMATION SHEET

### Seaming pliers 45°

#### Product description

Seaming pliers for accurate forming of various types of sheet metal. They are used to close steel sheets. They have a special design that makes it possible to lock the clamp. Intended for work in craft businesses and renovation and construction companies.

#### Characteristics

- total length of clamps: 273 mm;
- jaw width: 60 mm;
- made of 28-32 HRC hardened steel;
- non-slip coating of the handles prevents the tool from slipping and increases the comfort of work.
