

## PRODUCT INFORMATION SHEET

# TOLLENSE Hearing protectors for safety helmet yellow uni

### Product description

TOLLENSE Hearing protectors for a protective helmet are an advanced hearing protection system, dedicated to work with protective helmets. These protectors are designed to provide exceptional hearing protection and comfort in environments with moderate industrial noise levels. Easy length adjustment and 360° rotation of the earmuffs ensure a perfect fit and optimal position of the earmuffs in both standby and rest positions.

### Characteristics

- earmuff material: ABS, PU, foam sponge;
- ear cushion material: PVC, standard foam;
- helmet fastening material: PP;
- foam material: high-density sponge;
- meet the requirements of EN 352-1:2002/EN 352-3:2002 standard;
- cushions made of soft memory foam guarantee long-term wearing comfort and sealing;
- SNR (noise reduction level rating): 26;
- H (high frequency sound insulation value): 28;
- L (low-frequency sound insulation value): 24;
- M (medium frequency sound insulation value): 17;
- better acoustic insulation in the range of higher frequencies;
- for use in places with moderate industrial noise;
- category III;
- reusable product;
- packaging: 2 pcs/pack;
- product weight: 245 g.
