

## PRODUCT INFORMATION SHEET

### NOAH Protective gel knee pads black uni

#### Product description

NOAH protective knee pads are an essential piece of equipment for people working in a kneeling position. Made of neoprene and polyester, they meet EN14404 standards, which guarantees high quality knee protection. The inner gel, PU and EVA filling provides shock absorption and comfort, while the TPE overlay protects the knees from impacts. Elastic Velcro straps allow for an easy fit. Knee pads are light and universal, they are perfect for construction, tiling and other works that require knee protection.
