

PRODUCT INFORMATION SHEET

Workshop cabinet with wall panel

Product description

Very spacious tool cabinet with 13 drawers and a wall panel for storing tools and accessories. With just one piece of workshop furniture, you can equip an entire versatile workstation.

It is made of durable materials, which guarantees its long life and resistance to damage. The solid construction and reinforced drawer slides ensure that they will slide smoothly for many years, even when loaded with heavy weight. In addition, their unauthorized opening is secured with locks with keys. The cabinet is powder coated, which additionally protects it from scratches and chemicals.

The cabinet is equipped with 2 fixed and 2 swivel wheels, one of which is lockable, wheels made of durable TPR material. This allows for easy movement even under heavy loads and locking against shifting.

The large and reinforced wooden worktop allows you to work freely.

The perforated wall panel gives you the option to hang easily accessible tools and accessories.
