

## PRODUCT INFORMATION SHEET

### Brass wire brush, 4 x 16

#### Product description

The brush is intended for removing rust, paint, varnish, weld, and impurities mainly from surfaces made of non-ferrous metals.

It is made of a brass wire that is permanently embedded into the plastic body.

The grip is profiled so that you can easily hold it, which improves cleaning effectiveness.

#### Characteristics

- socket arrangement – 4x16;
- wire material – brass;
- total length – 260 mm;
- wire length – 25 mm.
