

PRODUCT INFORMATION SHEET

Steel wire brush with a scraper, 4 x 11

Product description

The brush is intended for removing rust, paint, varnish, and stubborn stains, as well as for cleaning welds and threads.

A hard plastic scraper installed at the top of the head facilitates and accelerates work.

It is made of a hard steel wire that is permanently embedded into the plastic body.

The grip is profiled so that you can easily hold it, which improves cleaning effectiveness.

Characteristics

- Number of wires per socket – 14 pcs;
- socket arrangement – 4x11;
- wire material – steel;
- total length – 290 mm;
- wire length – 25 mm.
